RE: Water Users Claim No. 59-3368,
Lower Jordan River rights due
to Surplus Canal

Dear Mr. Johnson:

Enclosed is a water assessment notice for years 1967 and 1968, totaling \$14.48. This assessment notice was sent in error to Lillian E. Hill rather than the Hill Duck Club.

As you may be aware, the waters of the lower Jordan River including Surplus Canal are being distributed under the supervision of a River Commissioner, Mr. Paul Maucher. The Commissioners salary is obtained through an equitable assessment of the water rights as served. The enclosed assessment notice is for the water right filed in your name under Water Users Claim No. 59-3368, which claim was filed by you and made of record in this office February 27, 1967. We would appreciate your immediate payment of this assessment of \$14.48.

If you have any questions, please contact myself or Mr. Frank Reese of this office.

Sincerely,

S. Bryce Montgomery
Area Engineer

By Law, the current assessment is due on or before May 1 of each year. Failure to remit payment on or before above date will necessitate legal action by the ATTORNEY GENERAL OF UTAH.

POLICY ON DELINQUENT ASSESSMENT

The expansion of water distribution administration in recent years has made increasingly difficult the job of collecting assessments from which distribution costs are paid. Delinquency in payments has added to this collection problem.

Discussions on this problem have been held with the water users of all systems within the State under present distribution. Each group has expressed the desire to support the collection of 10%, or a \$1.00 minimum, whichever is larger, on any delinquent assessment. This entire amount is credited to your distribution system.

All assessments will be delinquent after June 1st. If not paid within the specified time, the collection costs outlined above will be added to your assessment.

It is our hope that all water users will cooperate by paying their assessments promptly so that no delinquency will develop.
